2.2 Continuation of registration for full duration of studies

- All postgraduate students (honours, master's, doctoral, postgraduate diploma and certificate students) must, for the full duration of their studies, register each year as a student, as stipulated in the chapter "Postgraduate Qualifications" in Part 1 of the Calendar.
- Should you be a postgraduate student and fail to register for a specific year before the prescribed date, your registration will lapse, and so will the topic of your thesis or dissertation, should you be a master's or doctoral student.
- Should you wish to be readmitted to the degree, certificate or diploma programme concerned, you will have to apply in writing for readmission, to register anew for the programme concerned and to pay the required tuition fees once again.
- In the case of master's and doctoral programmes, registration can continue as usual, provided that:
 - you have received the necessary consent; and
 - your programme fees for the year(s) of non-registration have been paid in full; unless payment for the period of non-registration would be financially detrimental to you, compared to registering anew for the programme, in which case the University would consider letting you register anew.
- You are not registered with retrospective effect once your fees for the year(s) of non-registration have been settled. Neither will a quotation compiled through the website reflect the full amount payable upon readmission. You can request an estimate of the amount to be paid up from studentaccounts@sun.ac.za.

3. Accommodation

3.1 Compulsory first instalment (acceptance fee for prospective students) of accommodation fees

- The amount of R16 400 has to be paid in full by all students who have been allocated a place in University accommodation.
- The first time that you are allocated a place in University accommodation, you will receive a written notice in the preceding year and be required to signify your acceptance of the allocated place by paying the acceptance fee (the compulsory first instalment of accommodation fees). By paying the acceptance fee you accept the terms and conditions regarding residence accommodation.
- If your reapplication for placement in University accommodation was successful, you have to pay the first instalment for the following year before or on the date of registration. You can pay this compulsory first instalment of accommodation fees and the compulsory first instalment of study fees as one combined amount.

3.2 Accommodation fees per type of University accommodation

- All amounts are quoted in rand and are payable per person.
- Unless stated otherwise, the amounts apply to an academic year (not per month) and include the compulsory first instalment.
- The residence fee (house fees) and cost of meals are not included in the amounts below, unless stated otherwise.

3.3 Accommodation before the start of the academic year

House committee members, mentors and first-year students taking part in the welcoming programme for first-year students in the days before the official opening of the University may stay at no cost at the residences where places have been allocated to them for this purpose.

Regarding all other students who are allowed to stay at a residence before the start of the academic year, the following rates apply:

Accommodation only	R220 a day
Accommodation with meals (if available)	R315 a day

3.4 Accommodation during the March and September holidays

You are not required to vacate your University accommodation during the short holidays in March and September. However, we cannot guarantee full service delivery (e.g. meals) during these times.

3.5 Residence fees (house fees)

An annual residence fee is debited to the student fees accounts of all students living in University residences. For 2023, the amount is R725. It is used for the day-to-day functioning of residences and covers a broad spectrum of expenses that are incurred for the benefit of students living in residences.

3.6 Meals quota

3.6.1 Deposit for meals packages

Accommodation fees do not include meals, unless stated otherwise. Students at Stellenbosch Campus make use of a booking system. If you have been placed in a University residence on Stellenbosch Campus that do provide meals, your particulars will have been recorded automatically on the meals system. You must load a quota to activate the meal system. In 2023, you are allowed to load a maximum meal quota of R29 590 to your student fees accounts. If you take a meal that you have not booked beforehand, it is charged at double tariff. At the beginning of the year, you can choose a meal package and load it through a computer terminal in your residence or through the student portal <http://my.sun.ac.za> UNTIL 11AUGUST. You can also replenish your quota via these two portals, or use the SnapScan application for prepayments.

AFTER 11 AUGUST, you can replenish your meals quota only by means of a payment at the cashiers or an online payment at <http://my.sun.ac.za>, under "Finances", "Payment Options", or by using the SnapScan application. If your meal package amount is not depleted by the end of the academic year, the remainder is credited to your student fees account.

For students on financial aid, differing limitations apply in order to manage bursary funding for meals throughout the academic year. The bursary department will communicate directly with the affected financial-aid students according to their bursary category.

3.6.2 PSO students: meals options

If you are a PSO member (of a Private Students' Organisation), you have to register on the SU portal to be allowed to take meals at a residence in your cluster or at the Student Centre. After registration, you must make a payment to the prepaid meal quota system against which spending can be incurred. After that, the same conditions apply as in the case of meals quotas for residence students.

3.7 Laundry quota

This deposit is debited to the student fees accounts of all students living in University residences for the use of laundry facilities at residences, which include washing machines and tumble driers.

UNTIL 11 AUGUST, you can replenish your laundry quota at any laundry facility by scanning your student card, which will effect a replenishing amount (currently R910) to be loaded onto your student fees account. You can also use the SnapScan application for prepayments.

AFTER 11 AUGUST, you can replenish your laundry quota only by means of a payment at the cashiers or an online payment at <http://my.sun.ac.za>, under "Finances", "Payment Options", or by using the SnapScan application. If your laundry quota is not depleted by the end of the academic year, the remaining amount is credited to your student fees account.

3.8 Liability for damage to University accommodation

All expenses incurred to repair damage that you caused to University accommodation will be levied against your student fees account. Enquiries in this regard should be addressed to the resident head concerned.

4. Student fees account

Please take note of the following formal provisions:

- Council reserves the right to amend without notice all fees payable to the University, as circumstances may dictate.
- Study and accommodation fees are payable in full, notwithstanding any service provided by the University being disrupted by circumstances beyond the University's control, such as strikes, student boycotts, public unrest or any other type of disruption on campus.

4.1 Payment options

The undermentioned two payment options are only available to South African students, students with permanent residence, students with diplomatic status or refugee status and asylum seekers in order to comply with the University's terms of payment.

Please note:

- If you can provide written proof that you have already been granted a bursary or study loan to register for the particular programme in the particular year, you may be exempted from paying the first instalment ON OR BEFORE THE END OF FEBRUARY, provided that the loan or bursary amount is sufficient to cover the first instalment on study fees for the year. If the loan or bursary amount is less than the first instalment on study fees, you have to pay the difference yourself by the date of registration. You must submit a copy of the official written proof of your bursary or study loan, with the confirmed amount awarded, to the Student Fees Section, preferably before registration, or otherwise during registration. This proof must be submitted on an official letterhead of the bursary donor/bank and must include the prospective date of payment and the email address of the bursary donor/contact person at the bank. You can also email proof of a private bursary to Mrs Juanita van den Berg at juanitavdb@sun.ac.za, and proof of a loan to studentaccounts@sun.ac.za.
- Bills are sent out monthly by email by the dates for payment as indicated in the table for each payment option. These emails are sent to the person liable for the account or, should their email address be unavailable, to yourself (the student). Bills for any additional fees that may be levied against your student fees account after September are also sent via email.
- You can change the email addresses for accounts to be sent by signing in at <http://my.sun.ac.za> and doing the following:
 - • Select "Undergraduate" or "Postgraduate".
 - • Select "Administration".
 - • Select "Address & Contact Information".
 - • Sign in with your username and password.
 - • Change your email address.

4.1.1 Payment in eight instalments

Payment in eight instalments with each instalment a percentage of the total fees payable – as per the table below.

DATE FOR PAYMENT	% OF TOTAL FEES PAYABLE
First instalment on 28 FEBRUARY	20
Second instalment on 31 MARCH	20
Third instalment on 30 APRIL	20
Fourth instalment on 31 MAY	20
Fifth instalment on 30 JUNE	5
Sixth instalment on 31 JULY	5
Seventh instalment on 31 AUGUST	5
Eighth instalment on 30 SEPTEMBER	5

4.1.2 Debit order system

If you opt for paying according to SU's debit order system, you can obtain a debit order form with the full particulars from the Student Fees Section. The form is also available at <http://my.sun.ac.za> under "Finances", "Payment Options". You or your parents must apply for payment according to the SU debit order system BEFORE 9 FEBRUARY. The University will schedule the debit order with the bank. If you apply AFTER 9 FEBRUARY, it will be considered provided that you pay the total amount of the minimum debit order

payments that would have been processed as debit order payments SINCE 1 MARCH.

Any additional costs levied against your student account after 1 MARCH will be added proportionally to remaining monthly debit orders instalments.

This mode of payment remains valid for the full duration of your studies, provided that you do not interrupt them, or until 30 days after the person liable for the account has cancelled the debit order payment in writing at the Student Fees Section. Thus, you do not need to reapply each year for payment according to the debit order system, whether it be for a further academic year in the same programme or for a new programme that you want to follow.

DATE	% PAYABLE FOR DEBIT ORDERS
First instalment on 1 MARCH	10
Second instalment on 1 APRIL	10
Third instalment on 1 MAY	10
Fourth instalment on 1 JUNE	10
Fifth instalment on 1 JULY	10
Sixth instalment on 1 AUGUST	10
Seventh instalment on 1 SEPTEMBER	10
Eighth instalment on 1 OCTOBER	10
Ninth instalment on 1 NOVEMBER	10
Tenth instalment on 1 DECEMBER	10

4.2 Overdue student fees accounts

4.2.1 Fees in arrears

Should you owe the University fees or other monies that have remained in arrears after the closing date, Council reserves the right to deny you continued access to classes at SU or lodging at University accommodation.

Should you be in arrears with fees or other monies owed to the University without having Council's consent, Council reserves the right to deny you access to the University examinations.

Should you be in arrears with fees or other monies owed to the University without having Council's consent, your examination results, progress results and official transcript will not be released until you have settled the debt concerned in full.

Please note: All amounts that are in arrears on your student fees account for a specific year have to be paid before you will be allowed to register for a subsequent year of study.

4.2.2 Interest

Instalments are payable punctually on the fixed dates to prevent interest from accruing, even if you have not received your student fees account. Interest is levied monthly at prime bank rate on any amounts that remain unpaid by the closing dates, charged strictly as from the due date. The first instalments on study and accommodation fees usually are payable at registration.

If you submitted written proof that you had already been granted a bursary or loan, and that the amount concerned was sufficient to cover the first instalment, you are exempted from paying this first instalment at registration. However, please note that, should any amount that was payable at registration remain unpaid, interest will be charged as from the date of registration.

4.2.3 Reactivation of student cards

If your student fees account is in arrears, your student card may be deactivated for certain University services (including access to buildings), and your access to your academic record will be blocked.

If your student card is lost or damaged, the cost of replacement is R80. This fee gets charged to your student account when the new card is issued.

However, if your record has already been blocked because of your student fees account being in arrears, the replacement card will also be blocked.

4.3 Payment methods

4.3.1 In person at the cashiers

Stellenbosch Campus

The cashiers in Block A of the Central Administration Building:

Mondays to Fridays, 08:00 to 15:30

Tygerberg Campus

The cashiers in the Clinical Building, 1st floor, Faculty of Medicine and Health Sciences:

Mondays to Fridays, 08:00 to 15:30

Bellville Park Campus

The cashiers in the Main Building, Carl Cronjé Drive, Bellville:

Mondays to Fridays, 08:30 to 12:45 and 13:45 to 15:30

4.3.2 Online payments

You can pay online from the Student Fees section's web page:

1. Visit www.maties.com.
2. Click on "Fees".
3. Select "Student fees online payments".
4. Follow the instructions and pay by credit card or electronic funds transfer (EFT).

The benefit of paying online: The receipt is processed immediately, so that there is no delay during the registration period regarding payment of the compulsory first instalment, and no delay in your examination results being made available later on.

4.3.3 SnapScan

Stellenbosch University is the first university in South Africa to implement the SnapScan in-app payment solutions for making payments on its campuses. This means that students no longer have to carry cash with them for certain payments.

SnapScan is a mobile application that enables cashless payments. The in-app payment mechanisms will allow you to settle your student fees account and pay for pre-paid services like meals and printer and laundry services. Previously, these payments had to be made (in cash or with a card) at the University's cashiers in the central administration building

4.4 Access to student fees accounts

If you are registered as a student and network user, you may enquire about the state of your student fees account via the student portal (<http://my.sun.ac.za>).

Following registration, we send out your full student fees account for the academic year to the email address of the person liable for payment, as listed on the student portal at <http://my.sun.ac.za>; alternatively, we will send it to your student email address.

You may gain access to your student fees account via the student portal at <http://my.sun.ac.za> BY 19 FEBRUARY.

Please note: Should you not receive an account, the responsibility rests with you to request one. The University does not accept responsibility if an account has not been received because, for example, we have been supplied with an incorrect email address. Therefore, the fact that you have received no account will not be an acceptable excuse for an account that remained outstanding by the due date.

Check your student fees account regularly, especially after the final date of payment – 30 SEPTEMBER – and before the December graduation ceremony, to prevent additional levies that have been debited against your account after the final date of payment from creating an unpaid balance that may result in your examination results being withheld.

4.5 Repayment of credit balances on student fees accounts

If your student fees account closes on a credit balance because you have overpaid, you may request that we disburse it after you have completed your studies. To do that, we require the full banking details of the person who has to receive the payment (provide them on the prescribed form), along with proof of the initial payment. The prescribed form is available from the Student Fees Section and at <http://my.sun.ac.za> under

"Finances", "Payment Options". This process does not apply to bursary holders. No credit refunds will be done if the credit came from the selection fee you paid when you applied or from a forfeited residence placement deposit.

5. Financial Support

5.1 Bursaries, loans, prizes and stipends

All bursary awards received and administered by the University are paid into the student fees account of the bursary holders concerned. The full amount owed to the University for the specific academic year is paid first; should any credit balance remain, it will be disbursed only with the bursary donor's written permission. You must make arrangements yourself with the bursary donor to provide you with proof of their payment and their written consent that the credit balance may be paid out. It remains your responsibility to follow up with the bursary donor with regard to pending payments to your student fees account. If you are a postgraduate bursary holder, you can enquire about the procedure to be followed at the Postgraduate Office.

For further details in this regard, consult Part 2 of the Calendar; it covers specifically bursaries, loans, prizes and stipends.

5.2 Rebates

5.2.1 Rebate for early payment of study fees

If you pay your study fees in full ON OR BEFORE 31 MARCH, you qualify for a rebate of 3% on the portion related to tuition fees. Your parent or guardian must request the prescribed form obtainable from the Student Fees Section, complete it and return it to them for processing, together with the proof of payment. Email the completed form to studentaccounts@sun.ac.za.

The above rebate does not apply to the module or programme fees component of the study fees of programmes at Stellenbosch Business School, SPL and the MPhil (Information and Knowledge Management) at the Department of Information Science.

Please note: You cannot apply for a rebate for early payment until the study fees for the year concerned have been paid in full. Once the application has been approved and processed, we deduct the 3% rebate on your student account. In other words, the person who pays in the study fees may not calculate the rebate themselves and subtract it in advance. We indicate the rebate as a credit on your account rather than paying it over, to make it available for costs that you may incur later during the year.

Please note also: You may apply for a rebate only regarding your current year of study, not retroactively for previous years. To qualify for this rebate, you have to be a student with South African citizenship, the parent or guardian of a student with South African citizenship who is financially responsible for the full student fees account, or an international student with a valid permanent residence permit in the RSA. Other international students and students who are bursary holders do not qualify.

5.2.2 Rebate on study fees for persons from the same immediate family

If three or more persons from the same immediate family are each registered for a full-time programme at SU, a rebate of 10% per student may be granted on the study fees of each student. This rebate may be requested only for the current year of study, not retrospectively for previous years. The parent or guardian must request the prescribed form from the Student Fees Section, complete it and return it to them for processing. The form is also available at <http://my.sun.ac.za> under "Finances", "Payment Options". Email the completed form to studentaccounts@sun.ac.za.

The above rebate does not apply to the module or programme fees component of the study fees of programmes at Stellenbosch Business School, SPL and the MPhil (Information and Knowledge Management) at the Department of Information Science.

6. Academic expenditures (student fees)

6.1 Application fee (all programmes)

The application fee for 2023 is R100 and must accompany your application for admission. The amount is payable once per application per programme, or for the duration of continuous annual registration as special student. The application fee is not used to cover any other costs and is thus not refundable.

The application fee also applies to international students applying at the Stellenbosch Business School. Other international students do not pay application fees.

Please note: For some programmes, specific closing dates are set for applications. Consult the SU Almanac on the University's website or the Calendar part for the specific faculty to ensure that you apply for admission to your proposed programme in time.

6.2 Study fees

6.2.1 Registration dates

6.2.3 Study fees levied for all students

Study fees for all undergraduate and special students are levied per module registered for. To calculate the outstanding amount of your study fees for the year, after you have paid the compulsory first instalment, look up the curriculum in the part of the Calendar for the specific faculty or faculties to determine which modules you want to and/or are required to take.

Study fees are levied per module for all undergraduate programmes and for most postgraduate programmes. In the following exceptional instances, however, fees are levied per programme: all registrations for doctoral programmes, and registrations for some diploma and master's programmes that are offered at certain faculties.

6.2.3.1 Fees per module (undergraduate, postgraduate and special students)

Determine the total cost of a specific module (tuition fees *and* related module and/or programme costs) by compiling a quotation at <http://www.maties.com>. Click on "Fees" and select "Provisional statement of fees (quotation)". Select the programme under which the module resorts. If the module does not appear on the list, select any module shown in order to proceed to the screen where you can add an optional module by typing in the first three letters of the module's name. Select the correct module from the list offered.

Alternatively, if you know the module code, you can enter it and the relevant module will be shown immediately. Add the module, cancel the previous/first module (which you selected just to proceed) and complete the quotation to obtain a formal report of the cost.

6.3 Student card

Each person who registers for the first time as a student is issued with a student card (photo identity card) at R80 per card.

This is an electronic card which identifies you as an SU student. This fee gets charged to your student account when the card is issued.

Please note: Look after your student card carefully, because you must be able to present it to attend classes and write exams.

Returning students keep the student cards that they received upon first time registration. Therefore, you have to bring along your student card each consecutive time that you register in order for us to reactivate your card for the new academic year.

You can do the following using your student card:

- Gain access to University buildings, such as the SU Library.
- Use printing facilities.
- Reserve meals.
- Use laundry facilities.
- Make use of computer user areas.
- Buy academic books (available to bursary students only if permitted by the bursary regulations).

A specific condition attached to the use of your student card is, among other things, that you accept liability for all financial transactions concluded with the card while it is valid.

If you lose your student card or if it is damaged, you may have a new card activated at the IT HUB in Admin A against payment of R80, subject to the stipulations at 4.2.3.

6.3.1 Deposit for printing

When you use your student card for the first time for printing, a deposit is debited to your student fees account for the use of the University's printing facilities. As from 2019, the printing quota is used for making photocopies, too.

Once your printing quota is depleted, you may replenish it repeatedly in order to continue using these facilities. You may replenish your printing quota UNTIL 11 AUGUST at <http://www.sun.ac.za/useradm>, or by using the SnapScan application.

AFTER 11 AUGUST, you can replenish it only by means of a payment at the cashiers or an online payment at <http://my.sun.ac.za>, (under "Finances", "Payment Options"), or by using the SnapScan application. If your printing quota has not been depleted by the end of the academic year, we subtract the remaining amount from your student fees account.

6.4 Study-related expenditures: programme costs and module costs

From 2016, all study-related expenditures from two categories are bracketed together: as "programme and/or module costs". Student fees accounts thus reflect *programme and/or module costs* as one amount for each of the facilities above, instead of separate entries for different additional study-related expenses, such as running costs, programme levies, laboratory fees, materials fees, travelling expenses and membership dues for academic societies.

Study fees previously levied as Stellenbosch Business School, SPL or MIKM components also reflect as *programme and/or module costs* on student fees account since 2016.

Fees per module (undergraduate, postgraduate and special students)

Refer to 6.3.3 for directions on how to go about determining the total cost of a single module.

6.5 Membership dues for non-academic registered student societies

Membership dues for non-academic student societies are automatically debited against your student fees account, provided that the society concerned be registered with the Student Representative Council and that you have registered in person via the student portal as a member of this society, after academic registration. Contact the chair of the society concerned to find out the membership dues for the specific year. The contact details for all registered societies are available at:

<http://www.sun.ac.za/english/students/student-societies>.

6.6 PSO membership dues

In terms of a resolution by Council, all students in private lodgings, except those stated below, are automatically members of a Private Students' Organisation (PSO), and PSO membership dues are debited against their student fees accounts.

The following exceptions apply in this regard:

- students at the Stellenbosch Business School
- students of the Faculty of Military Science at Saldanha
- postgraduate certificate students
- postgraduate diploma students
- master's students and
- doctoral students.

The amount for 2023 is R400. Please address enquiries in this regard to the Centre for Student Communities at pso@sun.ac.za.

6.7 Parking fee

Students or staff members wishing to park private motor vehicles on University premises must register their vehicles electronically at the relevant University division. Registration of a motor vehicle is a prerequisite for parking on University premises, but does not guarantee a parking bay. Consult the web page at <http://www.sun.ac.za/mobility-parking> for the following: various types of parking available, the application and allocation procedures, related costs and payment mechanisms.

6.8 Registration for supplementary work

If you are doing one or more supplementary modules with a view to improving your class marks, but attend no classes, you are nonetheless liable for the full study fees for the module(s) concerned. However, the academic department concerned may exempt you at its discretion, either in part or in full, from any applicable module and/or programme costs payable with regard to the module(s) and/or programme concerned. The official documentation regarding such exemption must reach the Student Fees Section in good time.

6.9 Dean's concession assessments

Under specific circumstances, final-year students who meet the requirements may be granted a special examination known as a dean's concession examination. If you have been granted a dean's concession examination for January 2024, the R1 214, payable in that regard will be debited against your student fees account.

See also "Dean's concession assessment" in Part 1 of the Calendar.

6.10 Repeating programmes or modules

If you have to repeat a programme or any module(s), you have to pay all the usual fees once again.

6.11 Readmission after unsuccessful studies

If you have failed at your studies, you may apply in writing for readmission. Applications have to reach the Registrar BEFORE OR ON 15 JANUARY. You have to complete a fully motivated application form personally and send it to the Registrar together with proof of payment of the non-refundable amount below. The Readmission Appeals Committee considers all applications for readmission, and their decision in this regard is final.

Amount payable upon application for readmission: R484 for readmission in January 2024. Also see "Readmission after unsuccessful studies" in Part 1 of the Calendar.

The general rule that you may register only after your student fees account has been settled in full and the compulsory first instalment has been paid applies to students who are readmitted, too.

Please note this process is currently under review. The changes will be communicated in due course.

6.12 Academic transcripts and duplicate certificates

By way of standard University procedures, you will receive at your graduation ceremony an English as well as an Afrikaans copy of your degree, certificate or diploma along with a free, complete academic transcript in English and Afrikaans.

As a current or former SU student, you may request a copy of your academic transcript and/or duplicate certificates, for which you must pay the fees below at the cashiers, should you have no outstanding debt on your student account:

Type of document	Amount payable
Academic transcript	R70
Duplicate certificate	R95

6.13 Suspension (forfeiture of fees paid)

Should Council temporarily or permanently divest you of the rights and privileges that you enjoy as a student, or temporarily or permanently refuse you further admission as a student, you will forfeit all claims to the University's reimbursing monies that you have already paid or the University's reducing or exempting you from fees payable to the University.

6.14 Debts written off by decision of Council

Outstanding student debt written off by Council requires an internal process which entails a submission made to Council for approval. Should Council elect to write off your student debt as bad debt, the write-off merely constitutes an entry in SU's financial records. This does not equate to an exemption for you from paying your outstanding student debt. SU will have rendered services to you and your reciprocal contractual obligation to reimburse SU for the services rendered will subsist.

Where SU wrote off your debt as bad debt and you are desirous to:

- register again for further studies, your written-off debt must be paid in full before you will be allowed to register for further studies;
- register for a subsequent academic year, your written-off debt must be paid in full before you will be allowed to register for further studies;
- obtain your academic results/qualification certificates, SU reserves the right to withhold academic results/qualification certificates until the written-off debt has been paid in full.

7. Discontinuation and/or cancellation

7.1 Discontinuation of studies

If you leave the University without having completed your study programme, you must notify the Registrar in writing that you are discontinuing your studies and for what reason(s). If you have stayed in University accommodation, you have to cancel your residence accommodation separately at the Residence Placement Office. The discontinuation form is available from the Contact and Client Services Centre: info@sun.ac.za; 021 808 9111.

If your written notice states no date of discontinuation, we will use the date of receipt of your notice to calculate the amount that you owe the University.

If you discontinue your studies AFTER 31 MARCH of the same academic year for which you registered, you are liable for the amounts below *in addition to* other fees (i.e. other than study fees) levied against the account:

- the full study fees for any first-semester modules that you registered for;
- half of the study fees for any year modules that you registered for; and
- half of the additional studies-related costs – i.e. module and/or programme costs – that were levied against your student fees account for the year concerned.

If you discontinue your studies AFTER 31 JULY, you are liable for the total amount of your student fees account for the year concerned.

If you registered for second-semester modules *only* and gave formal notification as set out above BY 15 AUGUST of the same academic year that you registered for, pro rata reimbursement of study fees may be considered.

These rules apply also to postgraduate students whose study fees are calculated per module and who want to discontinue modules after the closing dates set above.

Should you leave the University without settling your student fees account in full, you are liable for compound interest on the outstanding amount at prime bank rate, calculated from the date on which you left the University.

7.2 Discontinuation of studies – Stellenbosch Business School programme costs

Stellenbosch Business School students register in January for all modules offered in that particular academic year. However, the modules start at different times. Study material is distributed before commencement of a module. If you discontinue your studies, you are liable for Stellenbosch Business School module costs as follows:

- the full Stellenbosch Business School module cost for modules of which half the sessions or more have been presented;
- 50% of the Stellenbosch Business School module cost for modules of which more than 0%, but less than 50% of the sessions have been presented;
- no costs for modules that have not yet been presented.

The policy regarding SU study fees remains unchanged and will be applied as set out in 7.1 above.

Please direct enquiries to the programme co-ordinator at the Stellenbosch Business School.

7.3 Cancellation of University accommodation

7.3.1 Procedures and regulations for the cancellation of residence accommodation (prospective students)

If you want to cancel your residence accommodation, you must do it per email. If you are a prospective student and want to cancel your residence accommodation, you must send an email to info@sun.ac.za for the attention of the Residence Placement Office, providing your student number and the reason(s) for cancellation.

- The refunding of any amount is at the discretion of the University.

Residence placements are granted for the full academic year. If you cancel your placement during the academic year, you are liable for a cancellation fee of 30% of the residence fees still owing.

7.3.2 Procedures and regulations for the cancellation of residence accommodation (current students)

7.3.2.1 Cancellation in the preceding year

- If you are an enrolled student and you cancel your residence accommodation ON OR BEFORE 30 SEPTEMBER of the year preceding the year of accommodation to which the cancellation applies, you are liable for no accommodation fees for the following year.

7.3.2.2 Cancellation after the start of the academic year

- If you are an enrolled student and want to cancel your residence placement, you must notify the Residence Placement Office in writing by emailing the prescribed forms to info@sun.ac.za or by completing the forms at the Residence Placement Office.
