Danine Kitshoff (MCur, RN, RM)

Danine Kitshoff is currently the course coordinator of the postgraduate Diploma in Nursing: Health Assessment, Treatment and Care at Stellenbosch University. She has been involved in Primary Health Care since 1988, working as a clinical nurse practitioner in numerous community health clinics, mobile clinics as well as occupational health clinics. She has been a lecturer and clinical facilitator in the Health Assessment, Treatment and Care programme at Stellenbosch University since 2002. She is a co-author/editor of *'The South African Clinical Nurse Practitioner's Manuel'*, a text book for Clinical Nurse Practitioners. Danine is a member of The Honor Society of Nursing, Sigma Theta Tau International (STTI). She has a Master's Degree in Nursing and she has a passion for facilitating and guiding nursing students in becoming leading clinical nurse consultants in line with the vision and mission of Stellenbosch University's Nursing Division which includes achieving the Millennium Development Goals.
