NIH funding opportunities

25 June 2024 (#20)

Confirm your intent to apply ASAP, but not later than 60 days before the submission date.

See all Important Notices, Parent Announcements and Notice of Special Interest below

Plan your application. Before starting your application attend

1) Generic Grant Writing Workshop and then the
2) NIH Grant Writing Workshop

To prepare an application can take 4-18 months.

From submission to receiving a Notice of Award can take 10 months

Important Notices

Notice of Pre-Application Webinar for Fogarty HIV Research Training Program for LMIC Institutions (D43 Clinical Trial Optional) and Planning Grant for Fogarty HIV Research Training Program for LMIC Institutions (D71 Clinical Trial Not Allowed). Date of virtual webinar – July 15, 2024, 9 AM – 10:30 AM EST. Please Register for the FIC D71 and D43 Program Pre-Application Webinar at https://nih.zoomgov.com/meeting/register/vJIsdeyqpz8jGhsVw4NzXZvAbn9lxnAY4xw.

Parent Announcements

NOT-OD-24-099 Notice to Extend Parent R01/R03/R21 Parent Notices of Funding Opportunities. Current Key Dates Modified Expiration Date: January 8, 2025

Parent Announcements (PA) for unsolicited are broad funding opportunity announcements allowing applicants to submit investigator-initiated applications. They are open for up to 3 years and use standard due dates.

- PA-20-185 NIH Research Project Grant (Parent R01 Clinical Trial Not Allowed)
- PA-20-184 Research Project Grant (Parent R01 Basic Experimental Studies with Humans Required)
- PA-20-183 Research Project Grant (Parent R01 Clinical Trial Required)
- PA-20-200 NIH Small Research Grant Program (Parent R03 Clinical Trial Not Allowed)
- PA-20-195 NIH Exploratory/Developmental Research Grant Program (Parent R21 Clinical Trial Not Allowed)
- PA-20-194 NIH Exploratory/Developmental Research Grant Program (Parent R21 Clinical Trial Required)
- PA-20-196 NIH Exploratory/Developmental Research Grant Program (Parent R21 Basic Experimental Studies with Humans Required)

Notice of Funding Opportunity (NOFO)

1. <u>RFA-AI-24-029</u> Mechanisms of Inducing HIV Immunity in Early Life (MIEL) (U01 Clinical Trial Not Allowed). The purpose of this NOFO is to support basic and applied research to define the mechanisms for establishing,

developing and maintaining immunity to HIV in early life (from birth to less than 12 years of age), including the impact of prophylactic vaccination and broadly neutralizing HIV antibodies (bNAbs) to protect against acquisition of HIV infection.

Dates: October 09, 2024. All applications are due by 5:00 PM local time of applicant organization. Letter of Intent Due Date 30 days prior to the application due date.

Budget: NIAID intends to commit \$3M in FY 2025 to fund 3-4 awards. Application budgets must reflect the actual needs of the proposed project and the direct costs are not expected to exceed \$750K in a year. The maximum project period for an application submitted in response to this NOFO is 5 years.

2. RFA-DA-25-044 Mechanistic Studies to Investigate the Interrelationship Between Sleep and/or Circadian Rhythms and Substance Use Disorders (R01 Basic Experimental Studies with Humans Required). The purpose of this NOFO is to support basic science experimental studies involving humans to expand our knowledge of the interrelationships between sleep/circadian rhythms and substance use disorders (SUDs). These mechanistic studies will offer insights into the fundamental processes that link SUDs to sleep/circadian rhythms and vice-versa, and may also have implications for managing risks associated with developing SUDs and/or identifying new targets for prevention and therapeutics.

Dates: October 29, 2024. All applications are due by 5:00 PM local time of applicant organization. Letter of Intent Due Date 30 days prior to the application due date.

Budget: NIDA intends to commit \$2M in FY2025 to fund three-five awards across this and the companion NOFO, RFA-DA-25-045. Application budgets will be limited to \$300,000 in direct costs/year. The proposed budget needs to reflect the actual needs of the proposed project. The scope of the proposed project should determine the project period. The maximum project period is five years.
