

## 5.2.1.16 BScHons in Sport Science (Kinderkinetics)

### Specific admission requirements

- A bachelor's degree with Sport Science as one of the majors that Senate has approved for this purpose.
- You must apply in writing to be admitted to the programme by Senate, or the Executive Committee that acts on behalf of Senate.
- An average final mark of at least 60% in Sport Science subjects (theory and practicals) during your undergraduate years.

### Application procedure and closing date

Apply online at [www.maties.com](http://www.maties.com) by **31 July** of the previous year. Only a limited number of students are admitted to the specialisation in Kinderkinetics.

### Duration of programme

The programme extends over one year on a full-time basis.

## Programme content

The compulsory modules are indicated in the table below. Apart from the compulsory modules, you can choose additional elective modules. See the table directly following the compulsory modules for the elective modules.

### *Compulsory modules*

Professional Practice in Sport Science	773(30)
Research Project	771(30)
Current Topics in Sport and Exercise Science	751(12)
Motor Control	711(12)
Kinanthropometry	715(12)
Sport for Persons with Disabilities	772(12)
Kinderkinetics Theory	772(12)

### *Elective modules*

Applied Exercise Physiology	714(12)
Biomechanics	712(12)
Exercise Physiology	743(12)
Exercise Psychology	713(12)
History of Sport	745(12)
Motor Learning	741(12)
Sport Psychology	712(12)
Statistics for Sport Science and Exercise Science	772(12)

## Assessment and examination

The programme is assessed flexibly and includes theoretical and practical assignments, as well as informal class tests and formal tests. All assessments contribute to the final mark for each module.

You must obtain a class mark of 40% per module for admission to the written examination. To pass Professional Practice in Sport Science 773, you must complete 300 hours of practical work during the course of the year and obtain at least 50% in the two oral examinations, namely in the middle and at the end of the year. The final mark for semester modules consists of 50% of the examination mark and 50% of the class mark.

## 5.2 Honours degrees

### 5.2.1 Bachelor of Science Honours

*Please note:*

If you are applying for admission to one of the BScHons programmes of the Faculty of Medicine and Health Sciences, you must be aware that there is a possibility that a programme will not be offered if there are not enough qualifying candidates to fill it. In such cases, the University will directly communicate this decision with applicants in November of the year before study.

#### Programme description

The purpose of the programme is to equip you with the insight, practical skills and in-depth knowledge with regard to your chosen field of study. On completion of the programme, you must be able to function independently as a researcher and academic in the South African context.

The programme aims:

- to promote healthcare in the South African community;
- to facilitate and innovate health research;
- to facilitate critical and ethical reasoning;
- to promote evaluation management, communication and scientific knowledge;
- to prepare students for further study; and
- to promote lifelong study.

#### Admission of diplomates to BScHons studies

If you have a National Higher Diploma in Medical Technology, you may be considered for admission to the Bachelor of Science Honours degree if you:

- have obtained a relevant bachelor's degree or equivalent qualification at a recognised institution for tertiary education;

or

- in exceptional cases, meet the following minimum requirements:
  - you must hold the matriculation certificate or exemption certificate of the Matriculation Board;
  - you must provide proof of above-average academic results during your diploma programme; and
  - prior to admission, you must have been academically associated and/or professionally active for a minimum period of three years, during which you at least completed one research project successfully and published in a recognised journal.

You must have passed a preliminary examination:

- that was conducted according to the clearly defined criteria stipulated by the Faculty Board, in order to ensure an adequate scientific standard;
- that was designed to assess your theoretical background and scientific maturity; and
- that was conducted by the head of the department or division in which the intended postgraduate studies are envisaged, or by their delegate, together with at least one other expert in the relevant field of study who has been nominated by the Dean.

You will be considered on merit by the Committee for Postgraduate Education on the basis of a *curriculum vitae* and a written recommendation by the Preliminary Examination Committee.

#### Admission of candidates with a BTech to BScHons studies

If you have an appropriate Bachelor of Technology degree or equivalent qualification from a recognised institution for tertiary education, you may be considered for admission to the Bachelor of Science Honours

degree, provided that:

- departments/divisions may require supplementary work;
- you must provide proof of above-average academic performance during the degree programme; and
- you have passed a preliminary examination:
  - that was conducted according to clearly defined criteria stipulated by the Faculty Board in order to ensure an adequate scientific standard;
  - that was designed to assess your theoretical background and scientific maturity; and
  - that was conducted by the head of the department or division as convenor in which the intended postgraduate studies are envisaged, or by their delegate, together with at least one other expert in the relevant field of study who has been nominated by the Dean.

You will be considered on merit by the Committee for Postgraduate Education on the basis of a *curriculum vitae* and a written recommendation by the Preliminary Examination Committee.
