Domains & Actions

There are 10 COST domains with multiple Actions per domain:

- Biomedicines and Molecular Biosciences (BMBS)
- Chemistry and Molecular Sciences & Technologies (CMST)
- Earth System Science and Environmental Management (ESSEM)
- Food and Agriculture (FA)
- Forests, their Products and Services (FPS)
- Individuals, Societies, Cultures and Health (ISCH)
- Information and Communication Technologies
- Materials, Physics and Nanosciences (MPNS)
- Transport and Urban Development (TUD)
- Trans Domain Proposals (TDP)

http://www.cost.eu/domains_actions

Activities to be funded

Networking activities carried out within COST Actions:

- meetings
- workshops
- conferences
- training schools
- short-term scientific missions
- dissemination activities

FUNDING OPPORTUNITY:

COST

(EUROPEAN COOPERATION IN SCIENCE & TECHNOLOGY)

Supported by the Department of Science & Technology

Funding

- Up to 3 visits per year @ maximum R50 000 per visit
- 4 year duration

Note: research is not funded

How to apply

SA researchers should request formal participation from COST Action Chair
