

ONGOING: BRAINSTORMING SESSIONS (2-4 hours with lunch/tea) **REGISTER NOW!**

We invite all Public Squares teams to book a facilitated brainstorming session. These sessions can be held at a venue of choice and are (co) facilitated by either Dr. Astrid Treffry-Goatley, Dr. Gill Black, or expert facilitator, Dr. Sarita Groenewald.

The Public Square teams can choose what to focus on and how they would like to explore it. The teams can use this service to develop their ideas, engage with key societal stakeholders, and/or advance their research proposals. Several groups have made use of this service already and while some have opted for a facilitated discussion, others have asked for us to facilitate a participatory workshop to help them develop their ideas. Don't hesitate, please contact us to make arrangements.

SEDOH Public Square brainstorming session, 19 April, 2024
