Division for Social Impact

Initiative by Faculty

Date: 2 November 2018 Number of Initiatives: 2

Initiative Title	Initiative Description	Initiative Owner
Career development at Diazville	This initiative helps high school scholars make informed career decisions.	Dodd, NM, Dr
High School		[nicoled@sun.ac.za]
Improving Africa's maritime	Increasing maritime security governance of Africa through research, partnership building and knowledge	Vrey, F, Prof
security governance	sharing. The initiative aims to help sustain existing stability zones and cooperate through partnerships to	[fvrey@sun.ac.za]
	increase stability in maritime zones of instability. Security on land and at sea are interdependent, underpins	
	human security through delivery of quality public services to societies with the oceans playing a growing role to	
	augment what is normally found on land. Stable and secure oceans underpin productive use of the oceans, but	
	in a sustainable and responsible way with future generations as beneficiaries.
